Advisory No: 18 /2026

Category: Customs

ICES

Subject: Auto Trans-shipment of SEZ-bound Cargo at Gateway Port/Airport– reg.

To facilitate digitization of manual processes, auto trans-shipment of SEZ-bound cargo from Gateway Ports/Airports has been implemented in the system. This is expected to reduce dwell time and demurrage at ports.

2. After the BoE is assessed, the system will automatically generate the Transshipment and copy of the same will be delivered at registered email ID. Since the auto-TP feature is enabled, officers no longer need to approve it manually. As a result, TP is not required during goods registration, and once the goods are registered, the TP copy (IRN No., DOC Code) will automatically appear under the supporting documents.
3. Further, trade under your jurisdiction may be guided suitably and officers be informed. Officers facing any difficulties or issues may email to saksham.seva@icegate.gov.in. Trade facing any difficulties or issues may email to icegatehelpdesk@icegate.gov.in.

This issues with the approval of the competent authority
