FOREWORD

Even though the trade (Export Import) data is made available by D/o Commerce on its website, no separate data was publicly available in respect of Special Economic Zones (SEZs) and Export Oriented Units (EOUs).

Commerce Secretary in his letter to Chairman EPCES dated 2.1.2023 (copy attached) advised EPCs for setting up of a Research Cell within the EPC that would regularly feed into policy inputs and to facilitate the EPCES to as a nodal point to frequently interact with the Department of Commerce and line Ministries /Departments.

Accordingly, EPCES set up a Research Cell and requested D/o Commerce to advice NSDL/SEZ Online and DGCIS to make SEZ and EOU data to EPCES. EPCES started getting EXIM data in respect of SEZs and EOUs from NSDL and DGCIS office.

This has enabled EPCES to start publishing monthly trade bulletin in respect of SEZs and EOUs. As the migration of SEZ units w.r.t. trade transactions from NSDL/ SEZ online to ICEGATE started from July 2024, the partial data was available with NSDL/SEZ online and balance with DGCI&S, thus, there has been a delay in compilation of complete data from both the sources. After due examination by DGCI&S, the data has been made available till June 2025 in respect of SEZs and EOUs.

Based on the present data made available from DGCI&S, an attempt has been made by EPCES regarding publication of monthly trade bulletin regarding the monthly analysis of country-wise, commodity wise EXIM data. Data in respect of exports of Services has also been analysed. Based on the suggestions from stakeholders and the availability of data, the analysis will be further refined and presented.

EPCES is grateful to DGCI&S for making available the data.

D.O. No. K-12011/1/2020-EPL1

2nd January 2023

Dear Shri Seth,

The global economy is innately tied to trade, and trade has grown remarkably, completely transforming the global economy. Moreover, about 70% of international trade today involves Global Value Chains (GVCs), as services, raw materials, parts, and components cross borders – often numerous times.

2. The emergence and persistence of GVCs significantly changes how we develop trade policy. Success in international markets today depends as much on the capacity to import world class inputs as it does on the capacity to export. As such, role of EPCs should not be limited to export promotion alone and it should look at trade in a broader and more comprehensive manner.

3. In this regard, we would encourage EPCs to closely monitor international trade, particularly export decline, import surge, market diversification opportunities, global import demand and prospects, and avenues for GVC participation etc.

4. EPCs may consider developing a Research Cell with more intensive research and market intelligence capabilities within the EPCs that would regularly feed into policy inputs and to facilitate as the nodal point to frequently interact with Department of Commerce and line Ministries/Departments.

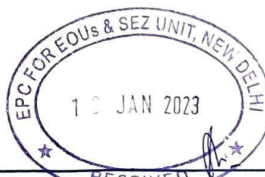

5. I am looking forward to your timely response and continuous cooperation in this initiative.

With regards,

Yours sincerely,

[Sunil Barthwal]

Shri Bhuvnesh Seth
Chairman
Export Promotion Council for EOUs & SEZs

SEZs

April – June 2025

HIGHLIGHTS OF SEZs TRADE DURING APRIL – JUNE 2025

- In June 2025, total exports of Goods and Services from SEZs increased marginally by 1%, exports of Goods declined by 1% whereas export of Services increased by 2%. During April – June 2025, exports of Goods and Services from SEZs increased by 5%, exports of Goods increased by 9% and export of Services increased by 3%.
- In June 2025, imports of Goods in SEZs declined by 43%. During April – June 2025, imports of Goods from SEZs declined by 21%.

Goods (April – June 2025)

- The highest exports of Goods were from Kandla Zone constituting 62% of total exports of Goods, which increased by 27% when compared to the same period last fiscal. Next was Visakhapatnam zone constituting 9% of total export of Goods which declined substantially by 45%.
- The highest exports of Goods were for Petroleum Products constituting 56% of total exports of Goods from all groups/sectors, which increased substantially by 62%. Next was for Engineering Goods constituting 10% of total export of Goods which declined substantially by 41%.
- In case of exports of Petroleum Products, highest exports were to Netherlands constituting 25% of total exports of Petroleum Products, which increased substantially by 57%. Second highest exports were to USA constituting 15% of total exports of Petroleum Products which increased substantially by 45%.
- The highest exports of Goods were from Reliance Jamnagar SEZ constituting 56% of total export of Goods which increased substantially by 55% when compared to the same period last fiscal. The next highest was from Vedanta Aluminium Ltd. SEZ constituting 5% of total export of Goods which exhibited an increase of 38%.
- The highest exports of Goods were to USA constituting 22% of total exports which increased by 3%. Next highest destination of exports was Netherlands constituting 15% of total exports of Goods which increased substantially by 56%.
- In case of USA, highest exports were of Petroleum Product, constituting just above 40% of total exports to USA, which increased substantially by 45%. Second highest exports to USA were of Drugs and Pharmaceuticals constituting 24% of total exports to USA, which declined by 9%.
- The highest imports of Goods were for Petroleum, Crude and Products constituting 49% of total imports of Goods from all groups/sectors, which declined by 7%. Next highest imports were of Transport Equipment constituting 14% of total imports of Goods which increased substantially by 67%.

- In case of imports of Petroleum, Crude and Products, highest imports were from Russia constituting 55% of total imports of Petroleum, Crude and Products, which increased substantially by more than 50%. Second highest imports were from Saudi Arabia constituting 10% of total imports of Petroleum, Crude and Products which declined by 49%.
- The highest imports of Goods were from Russia constituting 27% of total imports which increased substantially by 49%. The next highest imports of Goods were from China constituting 10% of total imports which declined by 11%.
- In case of Russia, almost all of the imports were of Petroleum, Crude and Products, constituting more than 99% of total imports from Russia which increased substantially by more than 50%.

Services (April – June 2025)

- The highest exports of Services were from Cochin Zone constituting 28% of total export of Services which increased by 6%. Next was from SEEPZ Zone constituting 19% of total export of Services which declined by 9%.
- The highest exports of Services were to USA constituting 50% of total exports which increased by 3%. Next highest was to UK constituting 18% of total exports which increased by 6%.
- In case of USA, highest exports of Services were of IT design and development Services, constituting 36% of total exports of Services to USA, which remained similar when compared to the same period last fiscal. Second highest exports of Services to USA were of IT consulting and support services constituting 24% of total exports of Services to USA, which declined by 3%.
- The highest export was of IT design and development Services constituting 38% of total exports of Services which increased by 2%. The next was that of Information Technology Consulting and Support Services constituting 23% of total export of Services which declined by 4%.
- In case of exports of IT design and development Services, highest exports were to USA constituting 48% of total exports of IT design and development Services, which remained similar when compared to the same period last fiscal. Second highest exports were to UK constituting 16% of total exports of IT design and development Services which increased by 8%.
- The highest export of Services was from MIDC Pune SEZ constituting 5% of total export of Services which declined by 2%. The next highest was from Tata Consultancy Services Ltd., Siruseri located in Kancheepuram District constituting 3% of total export of Services which increased by 9%.

EOUs

April - June 2025

HIGHLIGHTS OF EOUs TRADE DURING APRIL – JUNE 2025

- In June 2025, total exports of Goods from EOUs increased by 6% and during April – June 2025, it increased by 7%.
- In June 2025, imports of Goods from EOUs increased by 18% and during April – June 2025, it increased by 21%.
- Trade balance for EOUs exhibited a decline of 3% in June 2025 as well as during April – June 2025.

Goods (April – June 2025)

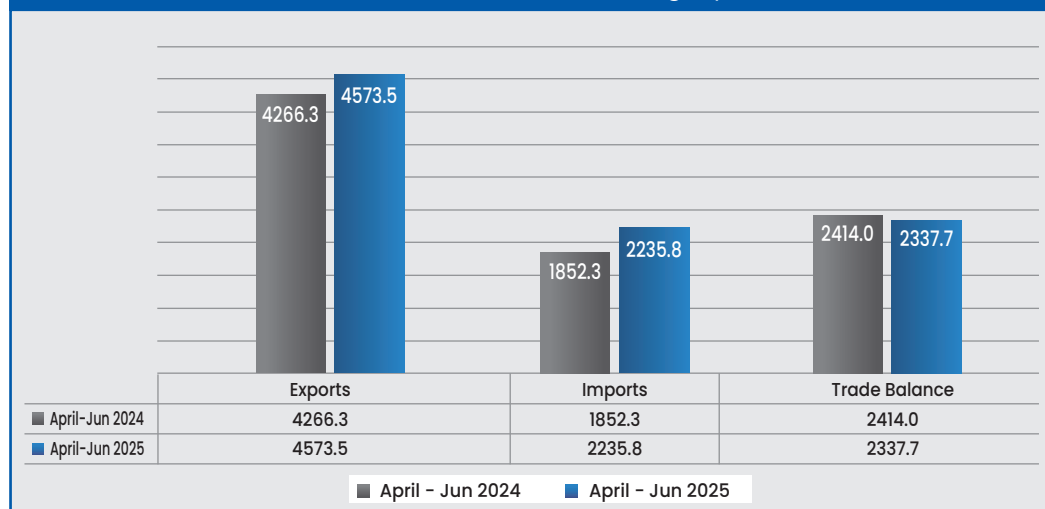

- The highest exports of Goods were for Engineering Goods constituting 26% of total exports of Goods from all groups/sectors, which exhibited an increase of 13% when compared to similar period last fiscal. Next was for Drugs and Pharmaceuticals constituting 25% of total export of Goods which also increased by 17%.
- In case of exports of Engineering Goods, highest exports were to USA constituting 39% of total exports of Engineering Goods, which increased by 15%. Second highest exports were to Germany constituting 6% of total exports of Engineering Goods which increased by 12%.
- The highest exports of Goods were to USA constituting 35% of total exports which increased by 6%. Next highest destination of exports was Netherlands constituting 5% of total exports of Goods which increased by 17%.
- In case of USA, highest exports were of Engineering Goods constituting just over 28% of total exports to USA, which increased by 15%. Second highest exports to USA were of Drugs and Pharmaceuticals constituting just under 28% of total exports to USA, which increased by 14%.
- The highest imports of Goods were for Electronic Goods constituting 31% of total imports of Goods from all groups/sectors, which increased by 36%. Next highest imports were of Machinery, Electrical and Non-Electrical constituting 15% of total imports of goods which increased by 31%.
- In case of imports of Electronic Goods, highest imports were from China constituting 19% of total imports of Electronic Goods, which increased substantially by 83%. Second highest imports were from USA constituting 18% of total imports of Electronic Goods which increased by 30%.
- The highest imports of Goods were from China constituting 25% of total imports which exhibited an increase of 26%. The next highest imports of Goods were from USA constituting 15% of total imports which increased by 20% as compared to same period last fiscal.
- In case of China, highest imports were of Electronic Goods, constituting 24% of total imports from China, which increased substantially by 83%, followed by Organic and Inorganic Chemicals constituting 15% of total imports from China, which increased by 2%.
