**PUBLIC NOTICE**

The Department of Posts informs the public that, due to recent regulatory changes introduced by the U.S. Administration under Executive Order No. 14324 (effective 29th August, 2025), the booking and transmission of all categories of mail items destined for the United States—except *documents/letters* and *gift items up to USD 100 in value*—shall remain **suspended with effect from 25th August, 2025.**

This suspension has become necessary as U.S.-bound carriers have expressed their inability to carry postal shipments in the absence of fully defined mechanisms for duty collection and data exchange, as required by U.S. Customs and Border Protection.

The Department is closely monitoring the situation and is making every effort to restore services at the earliest. In case any item that has already been booked and could not be dispatched, postage refund can be claimed.
