Respected Sir,

We are an Export Oriented Unit located at Verna, Goa, registered under the name *Pentair Water India Pvt. Ltd.*

We have already raised a support ticket with DGFT regarding the non-availability of newly introduced HSN codes in the trade connect portal, as per the relevant Government notific

We would like to bring to your attention that we have exported a significant volume of goods under these newly introduced HSN codes. Our overseas customers are now requesting which are issued through the DGFT-linked Trade Connect Portal.

However, we are currently unable to generate COO for the following new HSN codes:

- 8421 99 10
- 8421 99 90

Due to this system limitation, several of our export shipments are currently held up at customs, as submission of FTA/COO is mandatory for clearance.

As a consequence, our customers may incur demurrage charges due to delayed clearance at foreign ports. Moreover, since we are unable to provide the required certificates, there is

In view of the above, we request your urgent support in enabling these new HSN codes in the Trade Connect Portal to facilitate COO generation and avoid further disruption to our c

We look forward to your prompt assistance in this matter.

DGFT Ticket No.

Dear Sir

Please refer to the EPCES email below dated 14.5.2026 forwarding a representation from an Export Oriented Unit located at Verna, Goa, registered under the name Pentair Water India Pvt. Ltd.

They are currently unable to generate COO for the following new HSN codes:

8421 99 10
8421 99 90

Due to this system limitation, several of their export shipments are currently held up at customs, as submission of FTA/COO is mandatory for clearance.

As a consequence, their customers may incur demurrage charges due to delayed clearance at foreign ports. Moreover, because they cannot provide the required certificates, there is a risk that these additional costs may be passed on to them.

In view of the above, it is requested that these new HSN codes may be incorporated in the Trade Connect Portal to facilitate COO generation and avoid further disruption to their export operations.

Regards,

Alok Chaturvedi
